SUMMARY

I'm a driven software developer with robust coding skills and a passion for problem-solving. I excel in collaborative environments, where my fast-learning abilities help me adapt quickly to new technologies. My goal is to make a meaningful impact through innovative solutions, always aiming for excellence in every project.

EXPERIENCE

- **NOVEM CONTROLS PVT LTD** 07 2024 - 08 2024
Web Designing Mohali, India
 - I m taking a training course on web development, focusing on HTML, CSS, and JavaScript. It's giving me the skills to build and style interactive websites.

PERSONAL PROJECTS

- **StudySync Project:** 03 2025 - 03 2025
Tools: HTML, CSS [Live] [Github]
 - I Developed a fully responsive Study Sync website using HTML and CSS. The site features a clean and modern layout designed for easy navigation and readability. I focused on creating a user-friendly interface that adjusts smoothly across all screen sizes, including mobile, tablet, and desktop. The project highlights strong use of responsive design techniques without the use of JavaScript.
- **Restaurant websites Project:** 05 2024 - 06 2024
Tools: HTML, CSS [Github]
 - A restaurant website designed with HTML and CSS features a visually appealing layout showcasing menus, ambiance, and contact information. Utilizing responsive design ensures accessibility across devices, while CSS enhances aesthetics with customized fonts, colors, and interactive elements like menus and reservation forms, creating an engaging user experience.
- **Tic - Tac - Toe.. Game:** 09 2024 - 10 2024
Tools: HTML, CSS, JavaScript [Live] [Github]
 - I created a fully functional Tic-Tac-Toe game using HTML, CSS, and JavaScript. I implemented game logic in JavaScript to handle player turns, win detection, and draw scenarios. The interface was designed with CSS to be clean, user- friendly, and visually appealing. I also optimized the game for responsive play on different devices and screen sizes. Additionally, I added a reset feature, allowing players to start a new game without reloading the page.
- **Rock-Paper-Scissors.. Game:** 10 2024 - 11 2024
Tools: HTML, CSS, JavaScript [Live] [Github]
 - Developed an interactive Rock, Paper, Scissors game using HTML, CSS, and JavaScript. Implemented game logic and dynamic UI updates for player interaction. Ensured responsiveness for various screen sizes and devices.
- **Portfolio Website:** 09 2024 - 10 2024
Tools: HTML, CSS, JavaScript [Live] [Github]
 - Created a personal portfolio website to showcase my skills, projects, and education. Built with HTML, CSS, and JavaScript, the website serves as a comprehensive overview of my professional background.
